Dear Parent

Greetings from Vardhman International School !

We are pleased to inform that the management has taken a decision favouring parents by giving a substantial waiver in 2nd quarter's fees.

**The revised fees for 2nd quarter will be 12500/-**

This decision has been taken after considering the financial stress caused by the pandemic. We request you to please deposit the outstanding fee. Please consider that we are also having regular expenses and teachers are to be paid, as well.

A quick response in this matter will not only help us financially but will also boost morale of teachers, who are feeling low and dejected.

Stay healthy, Stay safe.

Regards

Vardhman International School
