Dear Parent

It's our humble request to follow the below guidelines for better and smooth conduction of online classes.

- Keep **audio and video** off until and unless the teacher asks you to unmute it.
- Parents should not give the answers when asked by the teacher. Let the student give answers on their own.
- Students have to attend the full class: They are ***Not allowed*** to leave the class in between.
- Kindly login 10 minutes' prior with the given scheduled time.
- It's better if you login with your Ward's name. It will be easy for the teachers also to recognize them.

Looking forward for your support and cooperation

Regards

Vardhman International School
